

# Low and High Sounds

1. On the keyboard above, shade the groups of **2-black-keys** from *lowest* to *highest*.
2. Now shade the groups of **3-black-keys** from *lowest* to *highest*.
3. Shade the next white key *higher* or *lower* for each example.

Did you know that a blackbird's wings beat 6 times per second when they fly?

Did you know that ants can lift 20 times their body weight?

	lower	higher	lower	higher
Ex.				
	lower	higher	lower
